

KME GROUP ITALY

KME is a leading global producer of semi-finished and special products, with a central role in the copper value chain. With 12 production sites: 11 in Europe and one in China, KME is the world's largest manufacturer of semi-finished copper and copper alloy products (excluding copper wire) worldwide. The Group, held by the Italian listed company Intek Group Spa, brings together several manufacturing companies based in Germany, Italy, France, Spain and a JV in China for engineering products.

Due to their special composition, KME Mineral insulated cables ensure maximum protection against fire and mechanical damage.

The Mineral Insulated Cable is the safest choice for power and heating (prevention and protection from fire in industrial and civil applications) as well as for electrical heat tracing (industrial and building processes).

Products Range

- Mineral Insulated Power Cables
 - Light duty cables
 - Heavy duty cables
 - Single core heavy duty cables
 - Multi core heavy duty cables
- Mineral Insulated Heating Cable
